

Lyle Roberts, CEO
Illinois Soybean Association
1605 Commerce Parkway
Bloomington, IL 61704

January 26, 2007

Dear Lyle,

We would like to take this opportunity to recognize you and to thank you for the vision you provided in helping to launch WISHH back in 2000. With the benefit of hindsight it is easy to see how important this effort has been so as to allow U.S. Soy to be part of the solution to meeting the protein needs of the people of the world.

Cargill has had the opportunity to partner with WISHH on numerous occasions and looks forward to more in the future both internationally and domestically with both WISHH and the World Soy Foundation.

Thanks to you Lyle for your leadership in turning a dream into a reality with the formation of WISHH. It was truly the right thing to do for many reasons.

Sincerely yours,

Jim Sutter
